Preparation for SDSU Writing Proficiency Assessment (WPA)

Transfer students are now eligible to take the WPA once they have received an offer of admission. Students must take the examination during their first semester at SDSU. Students who do not take the examination by the end of their first semester at SDSU will not be able to register for future terms. WPA scores of 10 or above satisfy the statewide Graduation Writing Requirement and students will not have to take a writing course unless an upper division writing course is required by their major. Students are allowed to attempt the WPA twice within the first semester at SDSU, and must pay the required fee for the examination (\$45).

WPA Workshops will be held throughout the Spring semester so that students may prepare for the test. Dates and times are available at:
